DISCUSSION ITEM

Resolution Urging the Swift Passage of S-330/A3804, Which Shall Restore the Energy Tax Receipts to Municipalities

Taxes on gas and electric utilities were originally collected by the host municipalities to be used for local purposes and to compensate the public for the use of their rights of way. When the State made itself the collection agent for these taxes, it promised to dedicate the proceeds to municipal property tax relief; since, just as municipalities collect property taxes for the benefit of school districts, counties, and other entities, the State is supposed to collect Energy Taxes for the benefit of municipal governments. For years, though, State budget makers have diverted funding from Energy Taxes to fund State programs; and instead of being spent on local programs and services and used to offset property taxes, the money has been spent as successive Legislatures and Administrations have seen fit. Senator Singleton and Senate President Scutari have introduced legislation (S-330) that will restore, over a five-year period, Energy Tax Receipts to municipalities. This resolution urges the Legislature to swiftly pass this legislation and Governor Murphy sign the legislation prior to passage of the FY2023 State budget.

REVIEW OF BILLS LIST

The Council reviewed the bills list.

Council Member Shortway entered the meeting at 7:10 pm.

MAYOR COMMENTS

For the past several weeks, the State of New Jersey and Sussex County Health Departments have confirmed that the BA.2 strain of the COVID-19 virus has been actively spreading in New Jersey, Sussex County, and Vernon Township.

However, its spread has been at a much lower rate than the Omicron variant surge that we experienced in December and January.

Health Department officials have said that the BA.2 subvariant of the Omicron variant appears to spread more easily but generally does not cause more severe illness.

The impact of the BA.2 subvariant during April can be seen in the rise of our county and town's daily COVID case numbers.

During April, the number of COVID cases in our town increased by 100%, from 2 per day to 4 cases per day; while the number of COVID cases in Sussex County increased by 129%, from 14 per day to 32 cases per day.

While the number of COVID cases in our town and county remain relatively low, the increases in cases during April serves as a reminder to us that this virus continues to be contagious, particularly among the unvaccinated, the under-vaccinated and vulnerable populations.

Let's continue to remain vigilant in doing what we believe to be important and necessary to protect ourselves, our families and our friends from the threat that this virus presents.

Thanks to our team of dedicated municipal employees, Vernon Township continues to get positive recognition from sources outside of our municipal borders.

In a letter from Ms. Lorraine Hentz, Director of the Sussex County Division of Senior Services, she paid tribute to MS. JANE DAMSTRA, the Vernon Township Senior Center Supervisor.

She cited the outstanding results of the inspections that the Vernon Township Senior Center has received under MS. DAMSTRA's leadership. She stated, "There were no deficiencies noted during annual inspections conducted by both the County of Sussex and the State of New Jersey".

Of specific importance to me was Ms. Hentz's statement that even though the State of New Jersey made the unprecedented decision to close all of the state's Congregate Nutrition Sites due to the COVID-19 pandemic, because of the strong partnership that MS. DAMSTRA developed with the Sussex County Division of Senior Services, Vernon was able to ensure that the most vulnerable and nutritionally at-risk seniors never went without food.

Ms. Hentz ended her letter by stating that the County of Sussex recognizes MS. DAMSTRA for the outstanding work that she does on behalf of Vernon's seniors.

I end by thanking and congratulating MS. DAMSTRA and the dynamic and caring team that supports her in the form of her Director, Ms. Mishelle Downtain; and Community Affairs & Recreation Assistant, Ms. Meg Wahnon.

Together, they are an example of what I mean by VERNON STRONG!

We never cease in our efforts to take actions, be they small or large, to make Vernon an even better place to live and raise a family.

One of those small steps is an action that I am asking the Council to take tonight via the approval of Resolution # 22-122.

For the past decade, our town has not made regular use of the Snack Bar facility at our highly used Maple Grange Park.

I want to change that!

Business Administrator Voelker and I have joined with the continuous creative planning efforts of our Director of Recreation and Community Affairs, Ms. Mishelle Downtain, and put together a plan of action that will enable us to put this Snack Bar facility into operation in a way that will:

1. Allow it to serve the park's visitors with much desired food and refreshments;
2. Create a welcoming money earning opportunity for a local business; and ...

3. Allow the Snack Bar facility to be again used, rather than continue to deteriorate from a lack of use and maintenance.

This is one of those small actions that have the potential to make a big, enjoyable difference to those families and individuals who frequent Maple Grange Park for the many sports and other community activities that are hosted at this outstanding facility.

Members of the Council, during December of last year, the Council passed resolutions of support for two organizations, GARDEN STATE GREEN GENETICS and SUSSEX CULTIVATION LLC, who expressed their intent to obtain Class 1 Cannabis Cultivator Licenses, and to use those licenses to establish Cannabis Cultivation facilities in our town.

GARDEN STATE GREEN GENETICS has put together a team that appears to have proven expertise in the cannabis business; for example, their team includes the Director of Cultivation and the Master Grower for the Greenleaf Compassion Center, which was one of the first Grow/Dispensary facilities to be awarded a New Jersey medical cannabis cultivation and dispensing license. They also communicated their intent to employ local Vernon residents, and to have a Community Outreach Director who will work close with the town to establish a strong civic-municipal relationship.

The Co-CEO's of SUSSEX CULTIVATION LLC are also owners and operators of a healthcare staffing firm known as Nurses 24/7. This is a highly regulated business that has provided services to almost all acute care facilities in New Jersey for the past 15 plus years. Their healthcare staffing firm is certified by the Joint Commission on Accreditation of Healthcare Organizations, and research reveals that they routinely receive extremely high marks in the area of compliance. In addition, SUSSEX CULTIVATION's Chief Financial Officer also owns and operates a well-managed and highly respected cannabis cultivation facility in Grants Pass, Oregon.

On April 11, 2022, both GARDEN STATE GREEN GENETICS and SUSSEX CULTIVATION were successful in earning a Class 1 Cannabis Cultivator License from the State of New Jersey, and they are ready and eager to move forward with steps to construct the greenhouse like facilities and install the other equipment necessary to meet the stringent New Jersey requirements to operate a legal Class 1 Cannabis Cultivator facility.

As our Zoning Official has taken a more detailed look at our ordinance that permits Class 1 Cannabis Cultivator Licenses to be used in our town, she has discovered some minor, but consequential, wording that would require these two state license holders to seek costly and time sensitive exemptions in order to use the land that they have already purchased specifically to use for their Vernon cannabis cultivation operations - - land that we previously told them was fully acceptable for this use.

We need to amend our ordinance that authorizes cannabis cultivation by making this minor, but consequential, correction in wording.

Doing so would enable our town to keep its word to these two organizations who have spent over a million dollars to purchase land, and to get a State Class 1 Cannabis Cultivator License, for use in Vernon Township.

Ordinance # 22-11 is on tonight's agenda to accomplish that purpose.

The sooner that these two Class 1 Cannabis Cultivator Licenses holders can move forward with applying their licenses in Vernon Township, the sooner we can take advantage of the opportunity to not only reap the benefit of the additional tax revenue that will come from the improvements that they will make to the property that they own, but also the additional state mandated tax dollars that they are required to pay our town - - these are significant tax dollars, because they will equal a minimum of 2% of these two organizations' gross sales!

Cannabis Cultivators are required to make this additional 2% of their gross sales in the form of tax payments directly to the municipality; and, they have the same obligation to pay this additional cannabis tax as they do their property taxes.

These additional commercial tax dollars will be welcome additions to our efforts to provide a cost effective and efficient municipal government, while at the same time helping in our efforts to stabilize the municipal taxes that our homeowners are asked to contribute.

These additional commercial tax dollars will be welcome additions to our efforts to provide a cost effective and efficient municipal government, while at the same time stabilizing the municipal taxes that our homeowners are asked to contribute.

It is for these reasons that I strongly urge the Council to pass the introduction of Ordinance # 22-11 which would make the needed minor wording change.

Council Member Lynch asked if the Township Commissioner of the Fire Department could explain Resolution #22-120 Authorizing the Execution of an Agreement Between the Township of Vernon, New Jersey and County of Orange, New York for use of the Orange County Fire Training Center

Dan Gross – Chief of MacAfee Fire Department and Township Fire Commissioner, explained that the advantage of using Orange County Fire Training versus Sussex County Fire Academy, is Orange County, New York has live fire training and gives the ability to recognize what thermal layering is. It also gives the ability to read smoke to identify dangerous conditions such as backdrafts and flashovers. Going through Sussex County which is a gas burn building with simulated smoke, you cannot get this type of training. This training is for every member of the fire department.

Carl Contino- Vernon Township, brought a petition that was signed by about 350 people to the Council to request that the Pride Flag be flown at the municipal building for the month of June and for June to be recognized as Pride Month in Vernon Township.

Mark Bower – Vernon Township, thanked the Council for his appointment to the Vernon Township Municipal Utilities Authority.

Simon Kraus – Vernon Township, is in support of having the Pride Flag flown at the municipal building for the month of June.

Bridget Esposito – Vernon Township, is in support of having the Pride Flag flown at the municipal building for the month of June.

Pastor Peggy Ludlow – Holy Councilor Lutheran Church, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Dee McAree – Vernon Township, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Zoe Heath – Hamburg, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Steve Dunlop – Williamsville Estates, does not feel any flag should fly at the municipal building other than the American Flag.

Robert Kencht – Vernon Township, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Ms. Rush – Vernon Township, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Peg Distasi – Glenwood, feels that a study needs to be done before the cannabis ordinance should be amended to have an unlimited amount of cultivation licenses.

Ms. Distasi is not in favor of flying the Pride Flag at Vernon Township.

Mark Hefler – Highland Lakes, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Ann Larson – Vernon Township, feels that cannabis ordinance should not be amended to an unlimited number of cultivator licenses.

Ms. Larson is not in favor of flying the Pride Flag at Vernon Township.

Camilla Diresta – Vernon Township, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

LeAnn McMann - Highland Lakes, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Nancy Kencht – Vernon Township, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Ravin Slockbower – Vernon Township, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Thomas McClachrie – Vernon Township, feels that the best thing coming out of the cannabis ordinance is the 2% the town gets back.

Damaris Lira – Sussex, is in support of having the Pride Flag flown at the Municipal Building for the month of June.

Seeing no other members of the public wishing to speak, Council President Rizzuto asked for a motion to close the meeting for Public Comments.

MOTION: Brian Lynch

SECOND: Natalie Buccieri

All members were in favor.

COUNCIL COMMENTS

Council Member Shortway had no comment.

Council Member Furrey would like to have a discussion about Vernon Township's road plan.

Council Member Furrey commended everyone who had the courage to come up and speak tonight. He encourages the Council to have a resolution at the next meeting to recognize June as Pride Month and also raise the Pride Flag.

Council Member Furrey asked if there was an update on the pump track and the trail.

Mayor Burrell said he was trying to get a comprehensive update for the next meeting.

Council Member Lynch thanked everyone who spoke so passionately about the Pride Flag.

Council Member Lynch asked if we have a social media policy in the employee handbook can it please be sent to him. He would like to make it known that Vernon Township is a great to live. We cannot control what employees write on social media unless they are on the clock and we have to police our policies.

Council Vice President Buccieri is sorry that she could not attend the meeting in person.

COUNCIL PRESIDENT COMMENTS

Council President Rizzuto commented that he asked the Mayor previously does the Township own Black Creek Drive. He feels that this is a simple question because if we do not own the road, we then have two projects that are land locked. Council President Rizzuto commented that if we do own the road, he would like to know where the proof of that ownership is. He asked the Mayor for an answer as to who owns Black Creek Drive.

Mayor Burrell will give a more extensive update in the future.

ADJOURNMENT

At 9:48pm Council Member Furrey made a motion to adjourn the meeting. Seconded by Council Member Lynch.

All were in favor.

Respectfully submitted,

Marcy Gianattasio, RMC, CMR
Municipal Clerk

Patrick Rizzuto,
Council President
